

Large PAR Halogen

Areas of application

- Concert Lighting
- Club & Disco
- Stage & Theatre
- Architecture & Architainment

Product features and benefits

- The parabolic glass reflector and the front lens are fused together
- High luminous intensity
- Available in different beam angles to ensure high flexibility
- Easy lamp replacement

PAR 64 HALOGEN LAMPS

Product family datasheet

Technical data

	Electrical Data		Physical Attributes & Dimensions	Lifetime Data
Product description	Nominal wattage	Nominal voltage	Lamp base	Nominal lifetime
PAR64 64739/4 MFL ¹⁾	1000 W	240 V	GX16d	300 hr
PAR64 64738/4 NSP ²⁾	1000 W	240 V	GX16d	300 hr
PAR64 64737/4 VNSP	1000 W	240 V	GX16d	300 hr

¹⁾ Beam angle: MFL = medium flood

²⁾ Beam angle: NSP = narrow spot

Product family datasheet

Safety advice

To prevent personal injury or damage to property, halogen lamps may only be operated in suitable luminaires designed with suitable mechanisms (cover panel etc.) to ensure that in the event of a lamp bursting no parts/shards can escape and that during operation no ultraviolet radiation can escape. Because of the heat produced only heat-resistant lamp connections (holders) may be used. Do not operate near people, or any materials that are flammable, sensitive to heat or affected by drying out. Detailed information is available on request.

Application advice

For more detailed application information and graphics please see product datasheet.

Disclaimer
