

LEDDriving SL PSX24W

Cool White color temperature of 6,000 K

Better visibility in foggy situations with a perfect color match for xenon and LED headlights. Signs, obstacles and hazards can be recognized sooner.

Superior brightness

More light allows to see farther and therefore react sooner with reduced glaring thanks to an optimized light distribution

Ultra compact LED replacement for conventional PSX24W fog lamps as socket solution

Easy installation with optimized compatibility

OSRAM LED fog lamps to increase safety and performance

The latest generation of OSRAM LED fog lamps provides an even more convenient solution in order to replace and upgrade existing halogen fog lamps with state-of-the-art LED technology.

The color temperature of 6,000K provides for a stylish cool white look and improved visibility.
