

ICEscraper 010

Remove stubborn ice with minimal effort

Rotating disc effortlessly cuts through ice

Palm switch technology

Designed for easy use, even while wearing gloves

Small, lightweight and rechargeable (USB-C charging cable included)

Easily charge on the go with the included cable, have the ice scraper available when you need it most

Effortlessly remove ice from your windshield

Compared to traditional ice scrapers, an electric ice scraper makes removing ice significantly easier, requiring far less physical effort even in the harshest winter conditions. With a powerful rotating disc that efficiently breaks through thick layers of ice, users no longer need to struggle with frustrating scraping. This advanced design means that clearing a windshield is not only faster but also considerably more comfortable, enhancing the de-icing experience on frigid mornings. By reducing the time and effort needed, users can enjoy a quicker start to their day and spend less time exposed to the cold, making winter routines far more convenient and pleasant.
