Rapid tyre inflator with wind-up cable

The OSRAM Tyreinflate 1000 is a rapid digital tyre inflator with a backlit digital display for easy, accurate pressure readings. Includes an auto stop feature to get the exact desired pressure needed to accurately inflate your tyres. The auto set on the Tyreinflate 1000 is incredibly easy to set up - just turn the dial to the pressure you require, click to set, then press start. The inflator will automatically stop once the correct pressure has been reached.

A wind-up power cable eliminates messy wires and a 2 minute inflation time* gets you on the road and where you need to be quickly. The power cable is long enough (3.5 m) to reach all tyres around your vehicle.

The large on/off button and the LED directional light make the Tyreinflate 1000 easy to use in darkness and emergencies – keeping you prepared for whatever may happen on the road.

Includes 3-piece adaptor for bicycles, balls and other inflatables.

**based on inflating a 13" tyre from flat to 2.41 BAR
