OSRAM

BATTERYstart 400

Jump starters

Engine size compatibility
To jump start 12 V vehicles up to 8 L with petrol engines and 4 L with diesel

Battery Power
High Power 16,800 mAh Lithium Cobalt battery

Powerbank-Function
Charging electronic devices including smart phones and tablets

Compact and powerful lithium jump starter with power bank feature

The OSRAM BATTERYstart400 is a high power Lithium Cobalt LiCoO2 jump starter for 12V vehicles up to 8L with petrol engines and 4L with diesel. Compact, without compromising on power, the BATTERYstart400 fits easily into the glovebox of your car – making it easier to use when in an emergency.

The BATTERYstart400's intelligent clamps have anti-spike, reverse polarity and short circuit protection, keeping you, the car and the jump starter safe and in working condition.

Also includes a power bank feature for charging electronic devices such as mobile phones and tablets and a bright LED working light.

Ideal for all car sizes, SUVs, vans and motorcycles.

Technical data

Product description	Environmental & Regulatory Information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACh)			
	Candidate list substance 1	CAS No. of substance 1	Safe use instruction	Declaration no. in SCIP database
BATTERY start 400	Lead	7439-92-1	The identification of the Candidate List substance is sufficient to allow safe use of the article.	04bfb91c-9f38-4530-8bb1-23587637e9c4
