ECE  
R6/R7/R10/R48/R87/R112No registration in the car documents required. The necessary tests and approvals were carried out and an ECE type approval was granted

### 2-year OSRAM guarantee<sup>3)</sup>

Systematic quality assurance measures underpin the premium workmanship and functionality of our products. Innovative technology and excellent quality really pay dividends for our customers.

## Switch on the WOW with OSRAM LEDDriving head lights

### Innovative & Up to date

Driven by our striving for innovation and quality, we are redefining vehicle lighting from OSRAM. At OSRAM there is no compromise when it comes to quality and performance. With the addition of the OSRAM LEDDriving headlights for the BMW 1 Series, the extensive OSRAM LED portfolio has received an additional upgrade. These full-LED headlights offer an innovative design to impressively complement the individual look of your vehicle. The OSRAM LEDDriving headlights bring precise lighting to the front of your vehicle and onto the road and are also an upgrade to the latest OEM premium technology. In addition, there are two variants to choose from: The BLACK or CHROME EDITION both are designed to effectively bring out the individual style of your BMW 1 Series. The OSRAM LEDDriving headlight is a complete LED headlight, equipped with LED position light, LED low beam, LED high beam, LED daytime running light and LED indicator.

Thanks to long-life high-performance LEDs with intensive brightness, they score with up to 200% more light<sup>1)</sup>, impress with up to 100% whiter light<sup>2)</sup> and are characterized by a lighting range that can reach up to 200m. In addition, thanks to modern light guide technology and modern diffuser material they convince with a homogeneous light distribution and pixel-free optics. All these aspects result in the

possibility of an improved visibility for the driver and an improved perception of your vehicle and consequently an increased safety in road traffic. OSRAM also offers a 2-year guarantee<sup>3)</sup>.

### **ECE-compliant & uncomplicated conversion**

Accentuating the vehicle ECE-compliant, in a straightforward and extremely stylish manner with remarkable accents is now very easy with the latest OSRAM innovations. According to the ECE guidelines, the necessary tests and approvals have been carried out on the LEDriving headlights, which means that a registration into the vehicle documents is not necessary. ECE certified according to ECE R6/R7/R10/R48/R87/R112.

Plug & Play technology ensures a quick and uncomplicated installation of the OSRAM LEDriving headlights, existing cables do not need to be modified or damaged.

### **Tested OSRAM quality according to DIN EN ISO/IEC 17025**

The OSRAM LEDriving headlights has been tested in our DIN-certified environmental simulation laboratory for extreme external influences in terms of water, dust, cold and warm temperatures, UV light and permanent vibrations & shocks and validated with the IP protection class IP69K.

### **Switch on the WOW with OSRAM LEDriving headlights**

Application advice:

- BMW 1st Series F20/F21 pre-facelift
- Suitable for BMW 1 Series with original equipment halogen headlights
- Not suitable for BMW 1 Series with original equipment xenon headlights
- Not suitable for left-hand traffic

1) Compared to ECE R 112 minimum requirements

2) Compared to standard halogen headlights

3) For precise conditions please refer to: [www.osram.com/am-guarantee](http://www.osram.com/am-guarantee)
